Commissioner
Food and Drug Administration
5600 Fishers Lane, Room 1471

Dear Doctor Henney:

It would be greatly appreciated if the FDA would promptly approve claims filed for the following:

- 1) Where saw palmetto has been prescribed where there are symptoms of benign prostatic hyperplasia;
- 2) Where psyllium husk seeds have been prescribed for a risk of heart disease;
- 3) Where folic acid, vitamin B6 and vitamin B12 have been prescribed for cardiovascular disease; and
- 4) Where vitamin E has been prescribed for a risk of cardiovascular disease.

Thanking you for your courtesies and consideration, may I remain,

Sincerely,

Herbert W. DeLaney, Jr.
